**Fendi Rusly,**  
from Indonesia, Electronic Engineering(PhD)

The impression you get of Yuntech is 'technology and fantastic'. There are special courses for engineering students and various wide-field courses. I can learn Chinese and high technology research from them. Also they can play a lot of different sports. Yuntech is the best school for exchange students. I'm very lucky in yuntech.

Taiwan is a beautiful island. I like the local customs and practices, Taiwanese people are very friendly. I have been staying in Taiwan for four years, the most things for me is the night market culture and the nostalgic streets. Thanks to everyone's help in YunTech, in the process of studying here, my study goes very smoothly.
